# Programme

## Principles in THA

Tuesday, 3 September 2019

«Skills Lab»

Cantonal Hospital of Lucerne,  
Lucerne, Switzerland

## Anatomy Workshop

This meeting addresses fundamental issues in primary hip arthroplasty. It summarizes strategies to optimize function based on restoration of hip biomechanics and gives insights on bone sparing femoral reconstructions and strategies to limit polyethylene wear. The focus is on interactive case discussions and an open-minded approach towards innovation and the introduction of new techniques.

## Scientific Board

**Prof. Dr Karl Stoffel**  
Basel, Switzerland

**Prof. Dr Thomas Ilchmann**  
Basel, Switzerland

**Prof. Dr Thierry Scheerlinck**  
Brussels, Belgium

**Dr Daniel Haverkamp**  
Amsterdam, Netherlands
