

LUNCH SYMPOSIUM

***Current Challenges
in Joint Arthroplasty
and possible solutions***

Thursday, 6 June 2019

13:00 – 14:45 h, Room: Wien

Chairman: Andreas Niemeier,
Prof. MD, Hamburg, Germany

Preservation in motion

Chairman

Niemeier Andreas, Prof. MD – Hamburg, Germany

HIP Presentations

Stoffel Karl, Prof. MD – Basel, Switzerland

Bone quality as a predictor of THA survival and success of revision surgery

Baines Joseph, MD – Glasgow, Scotland

Preservation of acetabular bone stock in THA

Discussion

SHOULDER Presentations

Niemeier Andreas, Prof. MD – Hamburg, Germany

Anatomical glenoid replacement: still an unsolved issue

McClelland Damian, MD – Stoke-on-Trent, United Kingdom

Clinical importance of anatomic humeral reconstruction: impact of kinematics and glenoid loosening

Discussion

KNEE Presentations

Niemeier Andreas, Prof. MD – Hamburg, Germany

Is it desirable to replicate normal knee kinematics in TKA to improve Patient satisfaction?

Eggli Stefan, Prof. MD – Bern, Switzerland

Influence of soft tissue balancing on natural kinematics in TKA

Discussion
